Re: Docket Numbers: E-01345A-16-0036 + E-01345A-16-0123

Honorable Commissioners,

I am a combat veteran and a full-time student at Arizona State University. I have worked hard to be able to afford to attend college full time and not have to work full time. To do this, I must stretch every penny as far as it can go, especially during the summer when my electric bill skyrockets.

Now I am learning that APS wants to increase my monthly fixed charge. If APS can do so I would have to work full time and take fewer classes towards attaining my degree. What valid reason has APS given that justifies their need to raise rates or the monthly service charge? Their desire to boost profits is punishing veterans like me and could keep other veterans from coming to Arizona and attending the number 1 innovation school.

Please help to keep Arizona military friendly and deny APS this rate and monthly fixed charge increase.

Yours Truly,

Steven Latino
